

Kranthi's 75 Unique Project Ideas

1. AI-Based Doctor & Virtual Hospital System
2. Automated Exam Center Without Human Invigilators
3. Crime Prediction and Emergency Alert System for India
4. Cybercrime & Data Leak Protection Shield
5. Real-Time Hacker Confusion & Intrusion Prevention App
6. Secure Data Deployment System with Server Obfuscation
7. Army Support System for Emergency & War AI Assistance
8. Logistics Management & AI-Based Tracking System
9. Smart Law & Judgement Simulation App (Judge + Lawyer)
10. AI Trading Bot with Market Analysis & Auto Investment
11. Decentralized Court & E-Judgement Framework
12. AI Health Monitor for Wearables Integration
13. Blockchain-based Prescription System
14. Rural Telemedicine with Offline AI Support
15. Patient History Timeline with EMR Simulation
16. Virtual Nurse for Elderly Care & Daily Reminders
17. Mental Health AI Therapist & Mood Tracker
18. Emergency First Aid Voice & Visual Bot
19. Health Report Analyzer with OCR & Decision Maker
20. Multi-language Medical Bot with Voice Interaction
21. Blood Bank & Organ Donor Matchmaking App
22. Remote Surgery Guide AI Assistant
23. E-Pharmacy Integration with Prescription Engine
24. AI-Based Resume Review & Improvement Tool

25. Smart Interview Coach with Voice Feedback
26. Remote Proctoring AI System with Cheating Detection
27. Smart Waste Management & Bin Tracking App
28. Smart Village Watchman App (No Human Guard)
29. Auto Student Report Card & Performance Predictor
30. Smart School Attendance & Class Participation Tracker
31. Auto MCQ Solver Using Chrome Extension + AI
32. AI Teaching Assistant for Schools & Colleges
33. Fraud Detection Bot for eCommerce & Marketplaces
34. Deepfake Detector for Social Media
35. Face Analysis Personality Predictor App
36. Smart Transportation Ticketing & Group Travel App
37. AI Fitness Coach with Real-Time Posture Correction
38. AI-Powered Court Lawyer for Legal Advice
39. Secure Chat App with IP Masking & No Trace
40. AI-Generated Legal Documents & Auto Filing
41. Food Nutrition AI Detector (Image to Calorie)
42. AI Home Guard - Motion + Voice Intrusion Alert
43. Spiritual & Temple Booking with Personal Priest Bot
44. Bus & Train Live Location & NFC Ticketing System
45. Real Estate AI Value Predictor & Legal Validator
46. AI Super App for Recharge, Bill, Food, Travel etc.
47. Multi-Account Bank Aggregator with Budget AI
48. Career Recommendation System for Rural Students
49. Fraud Insurance Claim Verifier Bot
50. Offline Voice Command Control for Devices

51. Online Exam Paper Generator & Auto Answer Checker
52. AI Emergency Criminal Catcher Surveillance System
53. File Encryptor & Decoder App with Dynamic Keying
54. Digital Ward App for City Corporations (Issues Tracker)
55. IoT-Connected Smart Medicine Dispenser
56. AI Voting System with Facial Authentication
57. Data Engineer Portfolio Builder + Auto Dashboard
58. DevOps Engineer Simulator Platform
59. Educational Bot for Visually Impaired Students
60. Speech to SQL Database Query App
61. Hospital Queue & Token AI Optimizer
62. AI-Generated Question Bank System (All Subjects)
63. Automatic Water Flow Controller using AI for Crops
64. Legal Support System for Farmers' Rights & Issues
65. Stock Market News to Summary App (Hindi + Telugu)
66. Wildlife Protection AI Trap & Alert App
67. Child Safety Tracker with AI Alerts
68. Blockchain-Backed Vaccine Supply Chain Tracker
69. Expense Splitter with Emotional Analysis for Groups
70. NGO Donation Optimizer (Transparency + Matching)
71. AI-Based Anti-Ragging Campus Safety App
72. Smart Traffic Fine Prediction & Prevention App
73. AI Career Tracker Based on Daily Learning Logs
74. Smart College Automation (Fees, Timetable, Marks)
75. Real-Time Local Government Service Feedback App
